

## Annual indexation to application fees for Fire Protection permits - latest

Under the Ozone Protection and Synthetic Greenhouse Gas Management Regulations 1995, Regulation 346 provides for the annual indexation of permit application fees.

The annual indexation formula uses the Wage Price Index (WPI) figures published by the Australian Bureau of Statistics. Consistent with the WPI figures released in November 2017, Fire Protection permit application fees will increase by 2.006 per cent from 1 January 2018.

A table outlining the current permit fees as well as the permit fees and new permit durations for 2018 is provided below.
